TRAINING & CERTIFICATIONS

- **Tally Prime** and computerized accounting training with focus on day-to-day accounting entries, ledger maintenance and financial reports.
- **Advanced Microsoft Excel** training covering lookup formulas, Pivot Tables, conditional formatting, dashboard preparation and MIS reporting.
- **GST and bookkeeping** practice covering invoice data, sales/purchase summaries, basic GST calculations and compliance-oriented documentation.

PRACTICAL PROJECTS

Tally Prime Accounting System | *Tally Prime*

- Set up a computerized accounting workflow with company configuration, customer/vendor ledgers, cash and bank accounts and expense classifications.
- Recorded purchase, sales, receipt, payment, contra and journal vouchers with attention to correct accounting treatment and documentation.
- Generated ledger statements, trial balance, profit and loss account and balance sheet to demonstrate understanding of financial reporting.

Excel Inventory and MIS Dashboard | *Microsoft Excel*

- Built an interactive inventory dashboard using Pivot Tables, lookup functions, formulas, charts, data validation and conditional formatting.
- Prepared SKU-wise views for opening stock, inward and outward movement, closing stock and summary-level reporting.
- Improved report readability through structured data cleaning, formula-driven calculations and dashboard-style visual summaries.

GST Invoice Working and Summary Sheet | *Microsoft Excel*

- Prepared sample sales and purchase registers with invoice date, invoice number, taxable value, GST rate, CGST, SGST, IGST and invoice totals.
- Organized invoice-level data for basic GSTR-1 and GSTR-3B understanding, input tax credit review and month-end summary preparation.

Bank Reconciliation and Month-End Reporting Practice | *Tally Prime and Excel*

- Matched sample bank statement entries with book records to identify missing entries, timing differences and classification issues.
- Prepared monthly sales, purchase, expense and ledger summaries to support clean review of accounting records.
